

SFB 1313 Newsletter 2026 #3
31 March 2026

Salt Workshop | Oct 2026

Save the date: SFB 1313 organizes a [salt workshop](#) from 7 to 9 October 2026.

InterPore | May 2026

SFB 1313 researchers participate in the [18th Annual Meeting of InterPore](#). For the first time, there will also be a SFB 1313 exhibitor booth on site to present the Collaborative Research Center.

Date & Venue: 19 to 22 May 2026, Nantes (FR)

Pretty Porous Science Lectures | Apr & May 2026

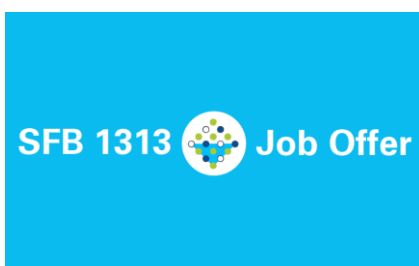

- **PPSL #74, 16 April 2026, 4 pm** : Adrián Martínez Bonilla, University of Stuttgart, "[Role of endolithic microorganisms in nitrate turnover within the Ammer river catchment](#)"
- **PPSL #75, 14 May 2026, 4 pm**: Zhixin Chen, University of Stuttgart, "[Quasi-static pore-network modeling for evaporation-driven salt transport and precipitation in porous media](#)"

Girls' Day | Apr 2026

This year, we offer again the SFB 1313 Girls' Day workshop "[Climate Change: Droughts and Salinization](#)".

Date and Time: 23 April 2026, University of Stuttgart.

SFB 1313 Job Offer | Apr 2026

We are offering a doctoral researcher position in "[Multiphase Flow and Interfacial Phenomena in Porous Media](#)" within our SFB 1313 research project [Z02](#).

Application deadline: 15 April 2026.

Contact: [Nikolaos K. Karadimitriou](#)

SFB 1313 guest | Mar 2026

Welcome to our [SFB 1313 external partner Costanza Aricò](#) from the University of Palermo (Italy). She will be staying at the Department of Hydromechanics and Modelling of Hydrosystems (LH2) from March to July 2026.

Review: GAMM | Mar 2026

SFB 1313 researchers participated in the [96th Annual Meeting of the GAMM](#). For the first time, the team showed a SFB 1313 exhibitor booth on site to present the Collaborative Research Center.

Review: conferences in March | Mar 2026

The [6th Conference for Research Software Engineering in Germany \(deRSE26\)](#) and the [1st Stuttgart Research Software Day](#) took place at the University of Stuttgart in the beginning of March. Our SFB 1313 researchers Bernd Flemisch and Timo Koch organized the events.

Review: status seminar | Mar 2026

Our [SFB 1313 status seminar 2026](#) took place from 9 to 11 March 2026. It was a great opportunity to meet and discuss.

Successful Doctoral Theses Defenses | Mar 2026

Congratulations to [Stefanie Kiemle](#), [Theresa Schollenberger](#), [Hanchuan Wu](#) and [Ivan Buntic](#). All four of them successfully defended their doctoral theses in March 2026. Well done!
